# Jurassic Coast International Audio Visual Salon

Welcome to the Jurassic Coast International AV Salon. This event has taken the place of the previous “Bridgend 5-8 Photo Harmony Competition”, which was successfully run by Bridgend Camera Club from 2008 to 2020. Exmouth Photo Group took over the running of the event in 2021. This is our second year and we now have FIAP recognition.

Why Jurassic Coast? Exmouth is at the western end of the Jurassic Coast World Heritage Site, which runs for ninety-five miles to Old Harry Rocks in Dorset. Our logo shows the Geoneedle, which marks its start.

Exmouth Photo Group have expanded the competition into two sections namely Photo Harmony and Open.

We have three International Audio Visual Jury Members who have an excellent knowledge of this medium and are ideally suited and qualified to carry out the task before them.

**Martin Fry** FRPS FBPE EFIAP/d2  
AV-EFIAP/b APAGB

Photography has been Martin's passion since a child and for him there is nothing better than going out and just looking and capturing a moment in time. His love of Audio-Visual started using a manual 'Duo-Fade' unit to create sequences with the 'magical' third image.

He feels audio-visual is such a creative medium, giving the image maker the freedom to express ideas, share experiences or communicate a message through vision and sound. Martin has lectured at over 300 clubs across Britain and judged numerous National and International Salons. He is a panel member on the PAGB Distinctions and recipient of the RPS Dobson Henry Medal for Services to AV. A founder member on the Cheltenham International Salon of Photography Martin is a very active international exhibitor having gained over 500 awards in 37 Countries. This year, his achievements in The Arts were recognised by his home town with the award of the prestigious Joyner Cup.

Erhard Hobrecker

Passionate photographer since youth, I began making AV's in the late eighties. First by just using classical music to 'tell the story', then later by illustrating great poetry. During the last twenty years, my AV work was inspired by exotic tales and legends, often collected during foreign travels.

Yet, many tales were invented and written by my wife Heidy, which I thrive to bring to life. Besides photography, I feel the music to be a most important component, enhanced by the right flow of cross fades. My AV work has been quite successful in the UK, Ireland, Australia, Belgium, France and Canada.

CARLA FIORINA AFI AV-AFI

I am primarily a documentary and street photographer focused on capturing single moments within stories. I started getting recognition in the AV world of competitions mainly because of the very stories I was telling about people's lives and plights around the world.

When watching an AV, the quality of the images and the story being told are obviously my main focus but I am equally intrigued by the author's display of creativity and imagination.
